James Vincent Abercrombie

Graphic Designer & Frontend Developer

Over the last 5 years I have made it a point to challenge myself and improve my design skills. Through that I developed an appreciation for website development and am responsible for developing a wide range of sites using HTML, jQuery, MVC, PHP, and MsSQL.

Objective

I am looking for creative long-term opportunities where I can contribute to a great team atmosphere and continue to grow and improve as an individual.

Experience

Managing Partner/Founding Memeber   *2013–present*
GetQwazee LLC
